Gay Orb For Yule
With just a little girl breath this bejeweled holiday sphere goes into orbit. If you tend to go into orbit at the very thought of Christmas decorating, here's the recipe for a bauble that's quick and easy to make.

Take a plastic foam ball, spray it with gold paint, stick in colorful snowflake jewels, glue on red braid, top off with a cluster of pine cones tied on with thin gold cord.

Admire, hang from a light fixture or some overhead spot, breathe gently and watch your humble orbit slowly to show all its gay faces.

This suggestion for a holiday decoration comes from Pine Cleaner Information Center which also reminds us to have a supply of all-purpose pine oil cleaner handy for our holiday clean-up.

Co-op Buys Lots On Main Street

The Marshall County Soil Improvement Association (Co-op Store) has purchased two lots at 6th and Main Streets in Benton from the L. & N. Railroad.

The lots formerly were occupied by houses for railroad workers.

In addition to buying the two lots, the Co-op also leased an additional 28 feet of land from the railroad. This will give the Co-op approximately 45,000 square feet of property.

The Co-op plans to build handsome new quarters on the property, which will be connected to the main railroad tracks by a short spur line. The building program is expected to get underway sometime next year.

The Main Street property was purchased by the Co-op in an expansion program. Woodrow Hill, secretary, said that the Co-op has outgrown its present quarters on East 12th Street in Benton.

Regarded by the Lincoln-Mercury Division as a balance between the industry's compact and big cars, the Meteor is nine inches longer than the Comet and nearly a foot shorter than the Mercury models.

J. D. Platt, Lincoln-Mercury sales manager for the Cincinnati district, points out that the Meteor challenges the economy of the compact cars yet offers the interior room of regular-size cars and riding qualities of big cars.

"It is not a stretched-out compact nor a cut-down big car. All sheet metal and a basic chassis components are completely new and are not borrowed from last year's cars or other 1962 Mercury lines," Mr. Platt added.

The new Meteor will be offered in four body styles — two and four-door sedans in both a standard and custom series.

Out-of-state travelers spent \$7 million more in Kentucky last year than in 1957, Charles Warnick, director of the Division of Tourists and Travel Promotion of the Kentucky Department of Public Information, has reported.

Warnick told members of Kentucky's Tourist and Travel Advisory Committee of the rise in tourist income at the group's second annual meeting held recently in Frankfort.

In reporting the findings of a new survey on Kentucky's tourist business and how it affects the general Kentucky economy, Warnick said in-state and out-of-state travelers spent \$280 million in Kentucky in 1958, an \$11 million increase over the previous year. Of this figure, \$187 million was spent by visitors from out-of-state.

The committee also saw the picture showing of a new 16-minute color film entitled "The Sun Shines Bright," produced by the Division of Tourist and Travel. This movie, Warnick said, is designed to be the State's principal tourist-promotion film, and will not be out of date for many years.

New Dale Carnegie Course to Open Soon

The world-famous Dale Carnegie Course again is coming to Benton under the sponsorship of the Benton Lions Club.

"We believe that the Lions sponsorship of this adult education program is a genuine community service," said Jack Perlman, president of the club. "Businessmen, professional people, sales people, housewives, clubwomen, office personnel, every adult will benefit from this training. It will build a new enthusiasm, develop self-confidence, create a new understanding among our citizens of Benton and Marshall County."

Mr. Perlman added that civic clubs in other communities report that the classes have had an important influence on human relations in their areas.

It was announced by Mr. Perlman that the first meeting will be a free demonstration session in the Benton High School auditorium Monday, Dec. 4, at 7:30 p.m. Three public is invited. There is no cost or obligation in attending.

The purpose of the demonstration meeting is to acquaint visitors with the Dale Carnegie methods in effective speaking, human relations, and leadership training. One of the features of the evening will be a demonstration of one of the remarkable memory-training techniques developed by Dale Carnegie.

The course is for folks from all over town and county, and not confined to Lions and their friends. The Lions are merely steering the course to Benton.

Christmas Tree To Decorate Grounds At The State Capital

Frankfort—Visitors to the state capital building grounds this Christmas season will see a 40-foot tree, red and green lights, the world's largest Christmas wreath and other decorations reflecting the spirit of the holiday season.

The 40-foot tree will stand in front of the Capitol. Behind the building, the floral clock will be decorated as a huge Christmas wreath.

A tree-lighting ceremony will be held Dec. 11 at 7 p.m., with Gov. Bert Combs throwing the switch to light the tree. Red and green bulbs will be placed in all the outdoor lighting fixtures at the Capitol.

Following this, a Community Christmas Sing will be held, with the 40voice Georgetown College a capella choir, directed by W. Wayne Johnson, furnishing music.

On several Sunday afternoons before Christmas Day, Santa Claus will talk to visitors to the floral clock. Several groups of evergreen trees on the grounds will be sprayed with white snow-mix and spotlighted.

Bank's Santa Claus To Write Personal Letters To Kiddies

Would a personal letter from Santa Claus please your youngsters? It most likely would.

Well, you can obtain such a letter for your children through the Bank of Benton, which will arrange to have Santa write direct to your child and the letter will be postmarked at Santa Claus, Ind.

Santa's letter will be delivered by mail to your home in plenty of time for Christmas, if you will act promptly.

Here's what you do. Go to the Bank of Benton and inquire about these Santa Claus letters. The bank has a colorful selection of letters from which you may choose the one you think your children would like most. All you have to do is select the letter. The bank will do the rest.

But you'll have to hurry. Christmas will be here almost before you can say Santa Claus.
